Prayer Requests ~ Sunday, January 17, 2021

From Pastor Barry: Pray for Bill Dillhoff as he is being admitted the Kettering Medical Center with blood clots. UPDATE: Bill has been treated and released.

From Gary Holt: Please pray for Judy Holt. She had cataract surgery this morning (11/1). Pray for a successful outcome. Thank you.

From Karen Shapiro: I was admitted to the hospital yesterday (1/12) with inflamed small intestine. Still having pain. Will see a GI doctor later today. Prayers are appreciated.

Lottie Fry will be 94 on Monday, January 18. In talking with her she said she misses all her church friends. Lottie has been a member of SG for many, many years. Could folks possibly remember her with a BD card for her special day? Her address is:

Lottie Fry
Grace Brethren Village
1010 Taywood Road
Cottage 203
Englewood, Ohio 45322

From Jennifer Eller: She would appreciate and welcome prayers right now. Her father passed away and there are no plans at present to have a memorial service. Which makes it more difficult for her.

Please pray for Jodi Blacklidge who is scheduled for surgery tomorrow, Jan. 15th.

From Avis Stetcher: Please pray for my son, Steven, who was exposed to a co-worker with Covid who is quite ill. Steven is quarantining at home for 14 days.
